

CONSTRUCTION OF IMPROVEMENTS ON PIKE AND PINE STREETS BEGIN IN EARLY FEBRUARY 2023

Construction of **Pike Pine Streetscape and Bicycle Improvements** will begin as early as February 13. Work will begin between 4th and 6th avenues on Pike St and take approximately 2-3 months. The work will progress in phases with no more than 4 blocks under construction at any given time. When complete, improvements will extend from 1st Ave to Bellevue Ave. Access to all properties on both Pike and Pine streets, including businesses and residences, will be maintained during construction work. Detour signage will direct pedestrians, bicyclists and drivers when necessary. Early activities will include breaking pavement and excavation.

Map of initial work zones.

WORK ZONE:

- Starting on Pike St, between 4th and 6th avenues
- Future work zones on Pike and Pine streets between 1st and Bellevue avenues

SCHEDULE AND HOURS:

- Beginning as early as February 13 with an anticipated 2-3 month duration between 4th and 6th avenues
- Work hours typically Monday through Friday, 7 AM to 5 PM
- Weekend work is planned at intersections; details to be communicated in advance

PARKING AND LOAD ZONES:

- No parking will be permitted in blocks under construction
- Load zones may be temporarily relocated as needed
- Access to garages and alleys on Pike and Pine streets will be maintained

PEDESTRIAN, BICYCLIST AND VEHICLE ACCESS

- Pedestrian access on Pike and Pine streets will be maintained with detours present during crosswalk work
- Bicyclists will be detoured at times while improvements to the bicycle lane are constructed
- Access for businesses and residences will be maintained

EQUIPMENT AND NOISE:

- Expect construction equipment and vehicles moving in and out of the work zone
- Construction trucks and equipment may be noisy, with the most significant noise coming from breaking and removing roadway pavement

The new design of Pike and Pine streets will provide a more pleasant pedestrian and bicycling experience. The design features a protected bike lane, consistent quality of sidewalk paving, more visible crosswalks, wider sidewalks, greenery and landscaping and signature crosswalks from 1st Ave to Bellevue Ave.
