TRANSPORTATION

IMPACTS OF AWPOW:

• Traffic congestion during construction, including Alaskan Way and east-west streets
• Temporary closure of Alaskan Way near Pine Street is expected
• After AWPOW completion, improved/additional facilities for people driving, taking transit, riding a bicycle or walking

HOW WE COULD ADDRESS THESE IMPACTS:

• Keep roads mostly open during construction and schedule closures at off-peak hours
• Maintain business access
• Develop Traffic Control Plan to reduce traffic impacts for all modes
PARKING

IMPACTS OF AWPOW:

• Construction activities will temporarily impact on-street parking
• Construction may temporarily block some access routes or loading zones for intermittent time periods
• Permanent removal of 673 parking spaces (approximately 6% of all on- and off-street parking supply in the project area)

HOW WE COULD ADDRESS THESE IMPACTS:

• Maintain parking to extent feasible during construction in order to help ensure convenient parking for waterfront businesses
• Enforce short-term parking limits; use e-Park
• Add approximately 250 new permanent parking stalls
• Loss 484 on-street and 189 off-street = 673
• Mitigation includes approximately 250 new spaces as part of MarketFront development
• Net loss approximately 423 spaces
