WATERFRONT CHRONOLOGY

2009-2012  Planning and design phase, broad community engagement in shaping vision for a “Waterfront for All”

2013  Mayor and Council endorse Waterfront Concept Design and Strategic Plan, including integrated funding plan with LID

Waterfront Program established in CIP

2014  Office of the Waterfront created, environmental process begins

2014-2016  Detailed design and engineering, Design Commission reviews and partnership projects with Pike Place Market and Aquarium Society

2017  WSDOT funding agreement reached, final design and early construction starts

2018  Early utility construction, final funding decisions

2019-2023  Viaduct demolition; construction of the waterfront
WATERFRONT 2018 LOOK AHEAD

• Local Improvement District (LID) formation process at Council
  – Resolution of Intent to Form (May)
  – LID Formation Ordinance (October)
  – Final Assessment Roll (early 2019)

• Engagement with property owners on LID – special benefit study (late March), hearings around LID (May – August)

• Operating Partnership Agreement with Friends, legislation to Council (August)

• Begin “early works” utility construction (March)

• Finish design and ROW acquisitions, prepare bid for “Main Corridor”

• Complete a MOU with Aquarium Society to advance design of Ocean Pavilion (April)

• Start concept designs for Pioneer Square Streets, Bell Street (May)
WATERFRONT CONSTRUCTION: CORE VALUES

- Ensure access for businesses, residents, and all modes of travel
- Support operations for BNSF, Port, and ferries
- Maintain major utility services
- Support access to parking and transit during construction
- Coordination with all public and private projects
CONSTRUCTION COMMUNICATIONS

- Early briefings to most affected stakeholders
- “Street team” outreach approach
- Advanced notifications
- 24-hour hotline
- Email updates
- On-the-ground outreach
- New multi-agency construction portal
CONSTRUCTION SCHEDULE

NOTE: Construction dates subject to change pending: A. completion dates of new SR-99 tunnel and demolition of the Alaskan Way Viaduct; B. ongoing construction sequencing evaluation and assumptions for all projects.
**COMPLETE TRAFFIC SHIFT AND BEGIN OVERLOOK WALK**

**TIMELINE**

- **2018**
