

BIKE LANE IMPACTS DURING CONSTRUCTION OF IMPROVEMENTS ON PIKE AND PINE STREETS - BEGIN FEBRUARY 2023

Construction of **Pike Pine Streetscape and Bicycle Improvements** will begin as early as February 13. When complete, protected bike lanes with curbed buffers and plantings will be a consistent feature throughout the corridor, extending from 1st to Bellevue avenues. To build those improvements we will need to temporarily detour the existing bike lanes. Detours will be to streets with existing, similar facilities. Scan the QR code below to sign-up for weekly construction updates, which will include information on bike lane impacts prior to changes.

Map of initial work zones and existing bike facilities.

WORK ZONE:

- Starting on Pike St between 4th and 6th avenues
- Future work zones on Pike and Pine streets between 1st and Bellevue avenues
- Work will progress in phases with no more than 4 blocks under construction at any given time

SCHEDULE AND HOURS:

- Anticipated 2-3 month duration between 4th and 6th avenues
- Work hours typically Monday through Friday, 7 AM to 5 PM
- Weekend work is planned at intersections; details to be communicated in advance

BICYCLIST ACCESS

- Bicyclists will be detoured to like facilities when construction requires closure of bike lanes; follow detours or use [SDOT's bike map](#) to plan an alternate route.
- Bicycle lane detours will be on streets with existing bike lanes; follow posted signs and signals for safe access
- Detours may begin at logical alternate bike facility options several blocks away from construction, watch for advanced warning signs

STAY UP TO DATE ON CONSTRUCTION IMPACTS!

Scan the QR code to [sign-up](#) for our weekly Pike Pine construction email. Construction is expected to be completed by late 2024.
